Website Registration Required by Employer?	Based on conversations with MetLife, there is no state website registration for NH PFML for the employer statement process and/or to view the status of an employee claim. Generally, the employee must provide the above form to the employer to complete. The employer completes and returns the form to the employee and the employee (or employer) provides it directly to MetLife. We also understand that if there is any outstanding information such as form Part B, that the MetLife adjuster will email the employer. Employers can also ask the adjuster to provide updates on claim status.
